CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

- Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.
- No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

- 3 years. (Population under 10,000)
- 6 years. (Over 10,000 and all county governments)
- ___ years. (Exceeding minimum time period)

Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Mayor and Council and the Borough Administration have conducted a comprehensive review of capital needs, which was initially completed in January 2017 and subsequently reviewed as part of the 2018 and now the 2019 Budget process. Recognizing that the Borough is a seaside community that has been significantly impacted by periodic severe storms, the capital review included a focus on resiliency and mitigation in addition to the typical review of capital infrastructure, assets, and improvements.

Based upon the inventories and conditions of Borough property and equipment, a proposed Capital Improvement Program was developed which prioritizes the capital needs of the Borough and identifies the associated costs. A full copy of the initial plan is available in the office of the Municipal Clerk.

The Capital Improvement Program summarizes the investment recommended by the governing body to address community resiliency, roadways, the sanitary sewer infrastructure, the storm sewer infrastructure, bulkheads, grounds, parks, beaches, and vehicles.

In 2016, the Borough Council authorized the capital funding for the replacement of the municipal offices, police station, fire station, EMS station, beach offices, and library. This is the largest capital project that the Borough has ever undertaken utilizing local funding sources. In addition, the Borough has worked with the NJDEP and FEMA to attain funding to improve the seawall at a cost in excess of \$20,000,000.00. This is likely the largest Capital project the Borough has ever undertaken in terms of cost. It is unlikely that the Borough will see an investment at this level in capital improvements at any time in the foreseeable future. All of these projects are complete or nearing completion.

The 3+ year Capital Program included herein reflects projects that the governing body expects to consider during the timeframes identified herein.
