Dear Sea Bright Residents and Business Owners,

I would like to take this opportunity to thank all of you who have remained positive and vigilant during this most difficult time. Sea Bright has always and will continue to “weather the storm.”

In recent days we have been hearing reports that we have not yet reached the apex of the COVID-19 virus. According to federal and state officials this time should come over the next several weeks.

As the temperature begins to rise and the sunny days are longer, more people are going to venture out and spend time on the beach.

Currently our beaches remain open. We are doing our best to ensure that stays the case. In order for that to happen, I’m asking that all residents continue to maintain the social distancing mandate, as well as any other recommendations or orders issued by our federal and state officials.

As always, we will continue to assess the risks as they evolve and provide updates. This continues to be an unprecedented situation, and our Borough teams are working diligently to provide as much assistance and clarity as possible. Once again, thank you for your continued dedication to the safety of the Sea Bright community.

Sincerely,
