Seawall Walkway Closure

Today the borough took action to close the seawall walkway that extends from Donovan's Reef to our municipal parking lot, which ends next to Chapel Beach Club. As a reminder, the playground also remains closed.

At this time, our beaches will remain open. Please continue to maintain all social distancing mandates should you choose to enjoy the beach. As always the Sea Bright Office of Emergency Management will continue to work with our Police, Fire/Rescue, Mayor and Borough Council to continue to monitor and adjust the access to our public spaces as needed.

As we continue to work together through these trying times, it is critical that we heed the expert advice of healthcare professionals. The next couple of weeks are critical in the trajectory of whether we as a community and a region are going to be able to flatten the curve and not overwhelm our healthcare system. Please do your part

Please feel free to contact me with any questions.

Thank You,
